V. 16.

Si quis mortuus fuerit, nomen illius non extrahatur, sed post nomen ✕ formetur, id in hoc libro hinc inde jam videre est, partim, ne liber delinqueretur, partim, ut semper, quinam inscripti fuerint, videri possit.

Prescribitur in dicto libello Confraternitatis, ut Pater Director cum Socio Religioso funera Fratrum comitetur, quod si fieri poterit, omnino continuandum erit. Porro nomina Defunctorum in proxima sequente Dominica sanari ex Cathedra promulgentur, animæq; eorumdem devotioni Confraternitatis exire commendentur.

Ceterum consuetum erat per aliquod tempus, ad prescriptum legimus memorati libelli Confratry geria curia post quamlibet Domini-
-cani funarem immediate occurrente unum Sacrum celebrare in sua privilegiata Divi Antonij pro defunctis Confratribus, quod ipsum Sacrum post Exhortationem promulgatum fuit, cum addito: quoniam tem-
-pore illud celebrandum sit, Cum autem pro his missis stipen-
-dium nullum unquam datum fuerit, nec fundatio aliqua habeatur, non absse sapius hæc mensura nulla intermissa est, proin P. Di-
-rector faciet Eiberi, si Liberum hunc Sacrum applicabit, et sic Devotionem felabit.

Nomina Benefactorum inscribantur una cum eo, quod contributione, et pro quo illud sit expositum. Duplex hæc notandi norma statim post Altum Incorporatorum habetur, proximiores enim rationes ad hunc Librum non pertinent.

Pro Syndico: si quis fors aliquando opset necessarius, Superiorem Majorem Pater Director requirat.

De reliquo si aliquid notate digni Archi. Confraternitatem concernentis, aliquando contingeret, illud ipsum hic notetur.

Interea nullus, qui Librum hunc inprexerit, miscetur, quid pla-
-us in eo errores contineantur, quodque subia nec sequus inscriptio-
-nis, nec cognomen impleatur, aut inventum male inscriptum reperitur, aliter enim, quam in antiquo Catalogo hæc omnia comprehensa sunt, huc transcribi non potuerunt. Et ideo non absse egerit

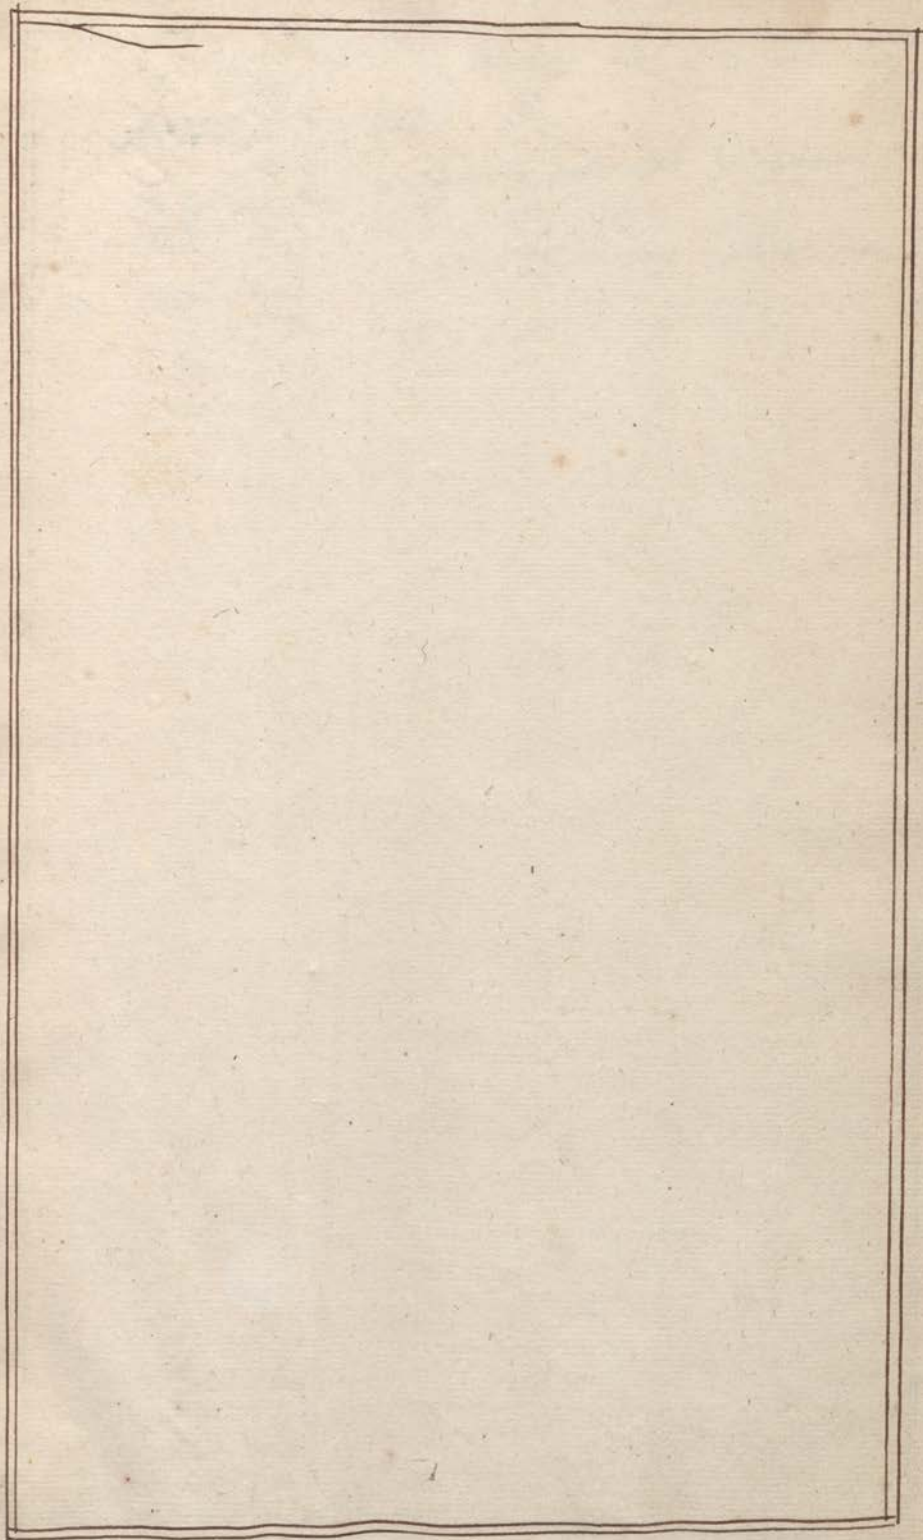

ille, qui inscriptionem futurorum confectum alteri alicui scilicet scribere scienti commiserit

This image shows a blank, aged, cream-colored page, likely a ledger or notebook page. The page features faint vertical lines and a horizontal line near the top, creating a grid-like structure. The paper has a slightly textured appearance with some minor discoloration and faint, illegible markings, possibly from a previous page or bleed-through. The overall tone is warm and historical.

This image shows a blank, aged, cream-colored page, likely an endpaper or flyleaf from an old book. The paper has a slightly textured appearance and is marked by numerous small, brown, irregular spots known as foxing, which are distributed across the surface. There are several vertical lines printed on the page, creating columns of varying widths. The leftmost column is the narrowest, followed by a slightly wider column, and then a large, open space on the right. The page shows signs of wear, including some discoloration and a wavy edge at the bottom.
